

Dean Melina Kibbe welcomes Dr. Kristie Lidie and Ms. Sandy Snyder to the University of Virginia to present the Congressionally Directed Medical Research Programs (CDMRP) on February 1st from 10 am to 12:00 pm in Leonard Sandridge Auditorium. This is a wonderful opportunity to learn about funding opportunities and to discuss potentials for collaboration with the Department of Defense (DoD) on basic and translational research. The meeting will be in a town-hall discussion format followed by round-table group discussions. A zoom-link will be used to broadcast to interested investigators from other universities. Please keep an eye on your email. Details will follow soon. For more information, please contact Dr. Jianjie Ma, Department of Surgery at UVA (jianjie.ma@virginia.edu).

Dr. Kristy Lidie currently serves as Deputy Director for Program Management at CDMRP and Ms. Sandy Snyder currently serves as Program Manager for the Military Burn Research Program (MBRP) and the Defense Medical Research and Development Program (DMRDP) - Battlefield Resuscitation & Immediate Stabilization of Combat Casualties (BRISCC).

Kristy B. Lidie, Ph.D., Deputy Director for CDMRP

Sandy J. Snyder, MSN, RN, CCRN-K (MAJ, USAR), Program Manager for MBRP and DMRDP and BRISCC.
