

Healthcare Disparity Infographic Undergraduate Showcase

December 6, 2022

9:30 – 11 am

MR5 2nd Floor
Mezzanine

EVENT DESCRIPTION:

BME student teams were tasked with researching a particular healthcare disparity and creating engaging and informative infographics highlighting the impacts of these disparities and ways they can be addressed by researchers and clinicians.

Posters Include disparities in:

- Alzheimer's disease
- Skin pathology diagnoses
- Kidney transplant process
- Prevention & treatment of Type 2 Diabetes
- Health outcome between *cis* & *trans* populations
- Contraception access and care
- Infant morbidity & mortality
- Income disparities in cancer treatment

Coffee provided

Researchers are invited to take relevant posters with them for display in lab spaces.
